International Agility Festival celebrates successful results for 2022

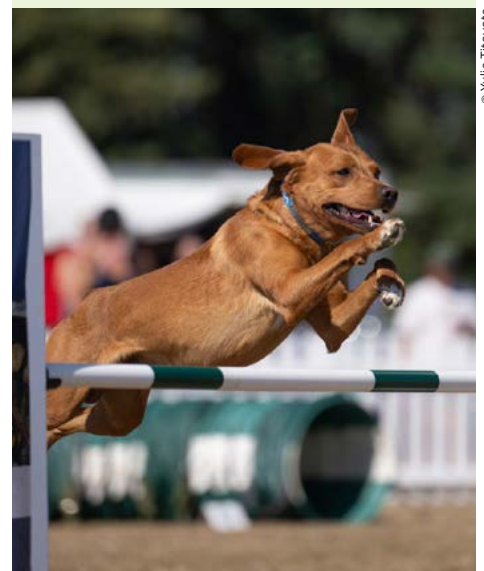

The Kennel Club International Agility Festival concluded four fast-paced days of agility excellence on Sunday 14 August 2022. The festival saw thousands of dogs and their handlers, from across the UK and overseas, compete in the rings at Rutland Showground, Oakham.

The festival, supported by Skinner's, welcomed dogs of every size, shape and breed, to take part in competitions across four size categories, 18 rings and 200 classes. Competitors displayed high levels of skill and training, navigating through courses with various obstacles including hurdles, poles, tunnels and more.

Competition was tough, and some lucky dogs and their handlers are now celebrating qualifying for London's biggest dog event, Discover Dogs, in October, and the world's greatest dog show, Crufts, in March 2023.

Westminster Dog of the Year returns with award dedicated to late MP Sir David Amess

The annual Westminster Dog of the Year competition is returning once more to Victoria Tower Gardens on 15 September, and this year's event will see the introduction of the "Sir David Amess Pawblic Vote Award".

The accolade will be presented to the winning MP voted for by the public, in memory of the late Conservative MP who was a staunch advocate for the competition and had campaigned tirelessly to improve and protect dog welfare throughout his life.

Sir David was posthumously crowned winner of last year's competition, having entered with his French Bulldog, Vivienne, before his tragic death in October 2021. He had taken part in Westminster Dog of the Year more than a dozen times, having previously competed with his rescue dogs, Lilly and Bo, where he raised awareness of a number of dog welfare issues, including the impact of fireworks on pets and puppy smuggling, as well as lobbying for a ban on electric shock collars.

Organised by The Kennel Club and Dogs Trust, Westminster Dog of the Year is open to MPs who are passionate about dogs, and their canine companions of all ages, breeds, shapes and sizes – pedigree and crossbreed alike. The event aims to highlight the unique role dogs play in society, whilst also providing MPs the opportunity to raise any key canine issues that strike a chord with them.

Sir David's family said: "As a lifelong campaigner for animal rights, we can think of no better recognition of his work than through the renamed 'Sir David Amess

Vivienne and the late Sir David Amess, winners of Westminster Dog of the Year

Pawblic Vote Award'. He worked tirelessly throughout his career with organisations such as The Kennel Club and Dogs Trust to secure better animal welfare for the nation's furry friends.

"We are honoured that The Kennel Club and Dogs Trust have re-named the award after him and he would be thrilled that there is such a wonderful recognition as a lasting memory for him. We would like to thank both organisations for their support and kindness, and we hope that this year's winner is ready for

the 'pawblicity' that will no doubt follow from winning such a prestigious award. Best of luck to all the entrants."

The theme for this year's competition is fireworks, which can sadly cause great distress to dogs throughout the year. The event will raise awareness of how dog owners can minimise the stress felt by their pets and explore what the Government can do to better regulate the use of fireworks across the UK.

News from The Kennel Club

The Kennel Club urges awareness of current import regulations

The Kennel Club is urging dog breeders and owners to ensure they are aware of the current ban in place for the commercial imports of dogs, cats and ferrets from Belarus, Poland, Romania and Ukraine.

The temporary suspension in Great Britain was implemented in April 2022 and is due to be lifted on 9 July 2022. However, the Department for Environment, Food & Rural Affairs (DEFRA) has recently announced that this measure has been extended by a further eight weeks, until 3 September, owing to a reported health risk to humans and animals from commercial cats, dogs and ferrets from these countries that do not comply with UK health and documentation requirements. The importation of dogs for rescue and rehoming purposes is also covered under this prohibition.

Dr Ed Hayes, Head of Public Affairs at The Kennel Club comments: "The movement of dogs under the Pet Travel Scheme from Belarus, Poland and Romania remains permitted, with special measures in place for bringing pets from Ukraine. We would urge anyone seeking to bring dogs into the UK from these four countries to carefully check the rules, to ensure that any movement complies.

"We would also implore anyone considering importing dogs from these countries in the short to medium term to carry out due diligence in the event that the ban is extended beyond September. Any dogs which have been imported in breach of Government regulations will not be registered by The Kennel Club."

Be Puppywise: The Kennel Club campaigns for responsible dog breeding

New research from The Kennel Club, launched in conjunction with the 'Be Puppywise' 2022 campaign in August, worryingly shows that almost one in three (29%) puppy buyers fear they may have bought a dog from a puppy farm. To help counteract this shocking trend, the organisation is calling for more caring breeders to join its Assured Breeders scheme (ABS) to help stamp out puppy farming.

Research carried out as part of the 2022 Be Puppywise campaign indicates that tens of thousands of families each year are at risk of buying a puppy from rogue breeders and sellers, inadvertently fuelling the cruel trade and suffering heartache. However, The Kennel Club believes that responsible and caring breeders who are doing all they can to produce healthy, happy puppies, can help to stop this, and be part of the movement to end puppy farming.

The Assured Breeders scheme was established to help puppy buyers have a reliable source of responsible breeders and is the only scheme in

the UK that sets standards for and inspects breeders. Many people buy their puppies over internet but don't know what they should look for in a responsible breeder, and therefore end up unwittingly buying from somebody who doesn't have the puppy's health and welfare at heart. Research carried

out as part of the Be Puppywise

campaign shows a third (32%) of owners admit they don't know how to spot a rogue breeder, and, looking back on their puppy buying experience, one in three (33%) admit they didn't know the signs of a puppy farm to look out for and one in four (25%)

suspect their breeder may have been operating illegally.

Any committed and responsible breeder is eligible to join the Assured Breeders scheme and help to protect dog welfare, as well as benefitting from registration and health testing discounts, free listings and endorsements via Find a Puppy, and other rewards.

All Be Puppywise campaign resources and advice can be found at thekennelclub.org.uk/bepuppywise

For the members

Our Members' voices - a mandate for change

Earlier this year, a survey emailed to 1,500 of our members, was the latest in a number of communication activities to inform and include Members in our Strategy Review.

The survey sought to understand what members value about The Kennel Club, feel about its overarching aims, asked for feedback on how well we deliver on these in order to make a difference to dogs and the dog world, as well as understanding the relative attractiveness of the range of membership benefits.

After analysing the survey results, we followed up with more discussion in four subsequent focus groups with over 75 members dialing into take part. There was an overwhelming response to take part in the groups – clearly due to the nature of the small groups we were unable to invite everyone to participate, but want to thank everyone for expressing their interest. We were able to explore to a deeper level what our members want from The Kennel Club now, and as we approach our 150th year, what they want from us in the future.

Some strong themes came out of those conversations; one of which was, it's time for change. And change we must, if we are to thrive for the next 150 years. It was heartening to hear that we have members support as we continue with our strategic review – looking to build on our heritage whilst remaining relevant and respected by today's dog communities.

We also heard that members would like us to communicate more with them – both face to face in the regions, and to make better use of virtual and social communications as well. We hear this loud and clear and are planning a series of roadshows later in the year as well as some virtual sessions, alongside our monthly publications.

It's time for change. And change we must, if we are to thrive for the next 150 years.

A third theme was that as an organisation our decision making should be more transparent, sound and timely. A theme echoed by and welcomed by Kennel Club staff. As a result of this feedback, we're now including a Governance & Organisational Development workstream as part of our strategy review, partnering with a specialist consultancy called Mayvin.

Their remit is to help us understand how we currently work and make decisions, and work with us in shaping how we need and want to work in the future to deliver our new strategy. They will do this by independently and objectively looking at everything we do from how we make decisions to how information flows throughout the organisation, and will involve everyone including the Board, Committees, Members, Working Groups and Staff.

Mayvin's approach is to work with us to understand and then work with us to identify how we can best implement our

strategy. Their collaborative approach is one of the reasons we selected them and due to the complexities of The Kennel Club we need an approach that will take all of this into consideration.

The initial fact finding phase will run until late September. They are interviewing and listening to a range of stakeholders, not only staff but also Board members, and working with Membership Matters to reflect our member's voices. We'll also be setting up a working group to ensure we'll have at least one stakeholder from each group included to help with design process.

The delivery of this project is critical to ensure that whichever direction The Kennel Club takes, we are quicker, more agile and decisive at achieving it, meaning that that we can continue to improve being relevant and respected. Continuing to making a difference for dogs. There will be opportunities throughout the Autumn to learn more about this and the wider work of the strategy review. We will be updating Members and sending roadshow invitations out nearer the time

Breach of regulation F(1)19 – dog not brought into ring when required – Fine and warning:
 • Mr M Wedge – Retford & District Canine Society Open Show – 20 March 2022 – warned & fined £50

KENNEL CLUB RULE A11

The Committee having carefully considered the evidence and the submissions of:

Mr Robert Adrian Collins, find that the complaint brought by the Kennel Club under Kennel Club Rule A11 a (1) (b) against Mr Collins is upheld, namely that he behaved discredibly or prejudicially to the interests of the canine world in that he harshly handled his dog in that he kicked the Belgian Shepherd Dog, **PATRICKS BEST DAY AT INDIRA (IMP IKC)** and handled with an excessively tight leash at the Retford & District Canine Society Premier Open Show on 20 March 2022.

The Committee imposes the following penalties:

1. To warn him as to his future conduct [A11 j (1)]
2. To censure him [A11 j (2)]

KC File for September

In his mitigation to the Kennel Club, Mr Collins said that he had not kicked the dog but put his foot in front of the dog to push it away from a pool of urine.

The Committee noted that Mr Collins does not usually handle the dog in the show ring but had stepped in as a handler was unavailable. There were three witnesses who attested to the dog being kicked including the judge and the steward.

The Committee were satisfied that the incident had been of a more serious nature than was being suggested by Mr Collins in his mitigation. The incident had been considered serious and significant enough for the judge and steward to have felt the necessity of reporting the matter.

KENNEL CLUB RULE A12

The Committee having carefully considered the convictions of:

Mr James Donald Adamson of Spalding for causing unnecessary suffering offences contrary to the Animal Welfare Act 2006 from the Lincoln Magistrates Court on 3 December 2021.

The Committee impose the following penalties:

1. To disqualify him from exhibiting at, taking part in, attending and/or having any connection with any event licensed by the Club. If any person disqualified under this sub-paragraph shall attend any canine event whilst disqualified the Board shall have the power to increase the period of disqualification [A11 j (4)]
2. To disqualify him from being or becoming a member of any canine club or society registered with or affiliated to the Kennel Club [A11 j (5)]
3. To disqualify him from acting as an Officer or serving on the Committee of any canine society [A11 j (6)]
4. To disqualify him from taking part in the management of any event licensed by the Club [A11 j (7)]
5. To disqualify him from judging at any event licensed by the Club [A11 j (8)]
6. To disqualify him from effecting registrations of any or all dogs and/or progeny of such dogs which are owned and/or registered by him (whether or not jointly owned and/or whether or not owned and/or registered in the name of a nominee) [A11 j (9)]

The suspensions and disqualifications are to be for Ten (10) years from 28 July 2022.

The Committee noted that Mr Adamson pleaded guilty to charges of causing unnecessary suffering to seven German Shepherd dogs, namely by failing to provide adequate or effective professional veterinary care and attention for chronic skin disorders and conjunctivitis eye infections, failing to meet their need for a suitable living environment and failing to adequately maintain their coats in an appropriate condition.

The Court imposed a 10 year disqualification from keeping dogs.

The Kennel Club is duty bound to follow and at least reflect any period of disqualification given by the Court.

As Mr Adamson is currently disqualified from keeping dogs for a fixed period, the Committee's

view was that a disqualification of 10 years from Kennel Club regulated activities is a proportionate duration to reflect the seriousness of the matter.

The Committee's view was that a breeder must ensure that they are fully informed about the breeding requirements and care needed for their animals – and seek help and advice, perhaps from other breeders or sources of authority and veterinary advice.

It is not acceptable to risk the health and welfare of any animal.

As with previous cases involving offences under the Animal Welfare Act 2006 it is worth expressly stating that any breeder must ensure that the needs of an animal must be met to the extent required by good practice under the Animal Welfare Act 2006 including;

- its need for a suitable environment,
- its need for a suitable diet,
- its need to be able to exhibit normal behaviour patterns,
- any need it has to be housed with, or apart from, other animals, and
- its need to be protected from pain, suffering, injury and disease.

The Committee carefully considered the convictions of:

Mr Karl and Mrs Victoria Shellard from the Cardiff Crown Court on 6 January 2022 for carrying on the breeding of dogs without the authority of a licence and the failure in the duty of a person responsible for an animal to ensure welfare contrary to s9 of the Animal Welfare Act 2006.

The Committee impose the following penalties:

1. To disqualify them from exhibiting at, taking part in, attending and/or having any connection with any event licensed by the Club. If any person disqualified under this sub-paragraph shall attend any canine event whilst disqualified the Board shall have the power to increase the period of disqualification [A11 j (4)]
2. To disqualify them from being or becoming a member of any canine club or society registered with or affiliated to the Kennel Club [A11 j (5)]
3. To disqualify them from acting as an Officer or serving on the Committee of any canine society [A11 j (6)]
4. To disqualify them from taking part in the management of any event licensed by the Club [A11 j (7)]
5. To disqualify them from judging at any event licensed by the Club [A11 j (8)]
6. To disqualify them from effecting registrations of any or all dogs and/or progeny of such dogs which are owned and/or registered by them (whether or not jointly owned and/or whether or not owned and/or registered in the name of a nominee) [A11 j (9)]

The suspensions and disqualifications are to be for Nine ((9) years from 28 July 2022.

The Committee noted that Mr & Mrs Shellard pleaded guilty to breeding of dogs without the

appropriate Local Authority licence to do so.

Mr & Mrs Shellard in their mitigation said they had not thought that they were overbreeding and have learned much from the case. The case had not resulted in them being disqualified from breeding or owning animals, and that no animals had been removed from their possession.

Mr & Mrs Shellard were subject to a fine and to pay a confiscation order under the Proceeds of Crime Act 2002 for £372,531.54.

The Committee considered that Mr and Mrs Shellard had deliberately rather than inadvertently chosen not to submit themselves to the scrutiny and control of the licensing authorities when breeding at levels requiring a licence and that was a source of considerable concern.

The objectives which are relevant when making a decision under Rule 12 include;

- the conviction involves conduct prejudicial and discreditable to the interests of the canine world
- to penalise if necessary
- to issue a deterrent to that individual and others
- to issue a marker of seriousness of incident to the canine world
- the protection of the welfare of dogs
- the credibility and standing of Kennel Club/canine activities and the desirability of participation of the convicted person in such activities.

The Kennel Club does not wish to be associated with breeders who consider it acceptable not to need to (or to be ignorant of the need to) comply with the law and not to allow for oversight and controls over animal husbandry and scrutiny of breeding practices, particularly if engaged in breeding at levels which exceed the threshold for requiring a licence.

It is undermining of responsible breeders who do take the time and trouble and deploy resources to submit themselves to accredited or statutory scrutiny either via the

Kennel Club Assured Breeder Scheme or Local Authority Licensing requirements.

The Committee's view was that a disqualification of nine years from Kennel Club regulated activities is a proportionate duration to reflect the seriousness of the matter.

Animal Welfare Act

s9 Duty of person responsible for animal to ensure welfare

- (2) For the purposes of this Act, an animal's needs shall be taken to include—
 - (a) its need for a suitable environment,
 - (b) its need for a suitable diet,
 - (c) its need to be able to exhibit normal behaviour patterns,
 - (d) any need it has to be housed with, or apart from, other animals, and
 - (e) its need to be protected from pain, suffering, injury and disease.
- (3) The circumstances to which it is relevant to have regard when applying subsection (1) include, in particular—
 - (a) any lawful purpose for which the animal is kept, and
 - (b) any lawful activity undertaken in relation to the animal.

The Kennel Club Annual General Meeting

The Kennel Club held its AGM on 14 June 2022 at the Curzon Cinema, 38 Curzon Street, London.

The Chairman, Mr A Allcock OBE, chaired the meeting. The Chairman explained that ballots would be used for many items with a show of hands used only where deemed appropriate. He advised that the proxy votes received in advance of the meeting had been counted by the independent scrutineers, Mi-Voice, who would also oversee the counting of votes at the meeting.

1. The Secretary, Mrs KE Mansfield, read the notice convening the meeting at 11.30pm.

Before continuing with the agenda, the Chairman reported that the following members had died since the last meeting: Vice-President: Mr JPC James; Honorary Life members: Mrs A Arch, Mrs G L'Estrange-West, Mr A Pickett, Mrs D Schilizzi; Honorary members: Sir David Amess, Group Captain Dennis M Baker, Mr R Menaker; members: Mrs A Adamson, Mrs P Bailey, Mr E Bailey, Mrs CA Barlow, Mrs H Bloom, Mrs P Bridgen, Miss P Chadwick, Mr NB Cook, Mrs IJ Fryatt, Mr R Gifford, Mr A Gullick, Mr P Iversen, Mr E McAlpine, Mr D Murton, Mrs SJ Pirie, Mrs VC Ross, Mrs D Sowden, Mr G Tong, Mr N Uden, Mr R Vanston and Mr G Wood. The members stood in their memory.

2. The members received the report of the Annual General Meeting held on 23 June 2021 and published in the September 2021 issue of the Kennel Club Journal.

3. The Chairman advised that there had been no notification of items arising from the Annual General Meeting.

4. The members received the report of the Special General Meeting held on 16 November 2021 and published in the February 2022 issue of the Kennel Club Journal.

5. The Chairman advised that there had been no notification of items arising from the Special General Meeting but that it was felt appropriate to give an update on the work of The Kennel Club's Non-Breed Standard Colours Working Party, whose work had been introduced to members at the Special General Meeting. He then invited the Secretary to give the update on behalf of the working party chairman, Mr F Kane. Following the presentation, comments and questions were addressed on the registration of non-breed standard colour dogs and future meetings with the relevant breeds.

6. The Chairman then moved to item 6a, which was to receive a report from the Board in accordance with the Articles of Association of the Kennel Club Limited (Article 41.3.1). The Chairman gave the following report:

'Thank you to everybody for coming today and it is wonderful to see again some of the people who joined us over the past few weeks at Clarges Street, as we celebrated the Platinum Jubilee of our patron, Her Majesty the Queen, through a series of specially themed lunches.

These lunches, which have been expertly delivered by our talented Club team, have given us pause to reflect on the past and on how much has changed in the past 70 years of her Majesty's reign, impacting not only on the monarchy but also us as an organisation and those who we represent, whether breeders, canine sports enthusiasts or the buyers of pedigree dogs. We, like the monarchy, have a rich heritage that shapes us but have had to adapt to a groundswell of changes to culture, fashion, technology, science and awareness, all

of which have varied impacts on dog breeding, buying and ownership. These changes to the way we live and to how we live with dogs, have been accelerated in recent years by the effect of the pandemic, Brexit and economic challenges, and have necessitated the need to ask questions about our future and how we remain relevant, respected, and recognised even more necessary than ever.

This, of course, is what our strategy development project is designed to do. We are currently in the middle of this process and we will give a full update to members later in the year, but I would like to thank members who have participated in our membership views survey and urge those who are still yet to do so to have their say. Please also encourage member friends not here today to take part. This survey is absolutely critical to our understanding of your views about our role, how well we do it and what our future should look like. It will also enable us to draw on the wealth of knowledge and experience we have residing in you, our membership. The survey has been designed and is being run by an impartial and highly experienced organisation who work with a large number of similar organisations across the UK and are experts in ensuring that the collective voice of members is placed at the front and centre of business strategy.

We are currently gathering insights from this survey, and from a second survey directed at dog breeders and participants in canine activities, as well as the dog owning public. Alongside this, a review of the impact and value of our non-profitable activities is all part of the first phase of our strategy development project, which will shape the future of The Kennel Club for the years ahead. This current listening phase will be followed in the coming months by the analysis of the findings and we would like to share with you later today some of the themes that are emerging already from your feedback as members of The Kennel Club.

Whilst we cannot presuppose the direction that we will travel in, one thing is certain – and that is that we need to change and adapt, to some degree, in order to survive and thrive in the modern world. Change, not at the expense of our heritage, but shaped by it. Change, not to ride roughshod over the things that we value the most, but to protect them.

A prime example of an area that has a long history and that we want to protect for the future, is undoubtedly that of canine activities. We know that the numbers of those entering these dog sports, and in particular dog showing, is dwindling. We also know that there are sector colleagues, those in the corridors of power and other activists who have one eye on what is happening in the show ring and what it means for dog welfare. This came ever closer to home with the passing of legislation in Germany earlier this year, which has placed restrictions on the showing of non-health tested dogs.

We can give our reassurance that we are in contact with those close to what is happening on the ground in Germany. Whilst we cannot directly influence the German situation and recognise the differences between us, we must certainly support and learn from each other. We need to look at how we can find ever more effective ways to work together, internationally and with UK breed clubs, to promote best practice in the future.

Of course, we know – and will make known to those we engage with on the matter – that any

focus on the impact of the show ring should not be overstated, given the tiny number of dogs that show. This certainly places a disproportionate emphasis on the influence that winning dogs have on public desires or that show dogs have on the UK dog population as a whole. Those seeking to improve dog welfare must look at this holistically, understanding the nature and extent of the various influences exerted on breeding and buying decisions and their impact on the overall dog population.

Nonetheless, we should still continually show that our own house is in order, as well as look at ways to continually improve. We are confident that we have a range of measures in place at UK shows to help ensure that they fulfil their responsibility of rewarding healthy visual examples of a breed, which ensures that our position is strong – from judges' education and breed standard reviews to our process of veterinary checks.

But we can never be complacent. As an organisation, we must continue to look at steps we can take to further cement and safeguard the show ring, to ensure that it is effectively performing its role as a source of positive influence, and that negative headlines and decisions unhelpful to our cause and to dog welfare, are avoided.

This then enables us to ensure that public focus is on all of the remaining positive benefits of the show ring, including the bond and relationship that it celebrates between well cared for dogs and loving owners.

Nowhere do we have a better opportunity to demonstrate the good that dog shows achieve than at our flagship event, Crufts, which is dog showing and The Kennel Club's international stage. There is no doubt that there is a reservoir of fondness and enthusiasm for the event, that we must continue to harness. We saw this through the visitor numbers to this year's event where we became the NEC's most well-attended show since the pandemic.

We also saw 8 million people tune in to watch on More4 and Channel 4. Furthermore, there were more than 3,500 pieces of press coverage about Crufts, including many carefully placed features and news stories by our press team, that told engaging stories about the issues that we most want to convey. 98 percent of all coverage was either neutral or positive in tone. Crufts is a dog show, but it is also an opportunity to inform, educate, entertain and celebrate our love for dogs.

One of the additional positive benefits of Crufts this year, for dog welfare, was the role it was able to play in helping dogs and their owners affected by the devastating situation in Ukraine. Prior to the show, The Kennel Club and The Kennel Club Charitable Trust put £50,000 into our Ukraine appeal, and during the show donations flooded in from visitors, breeders, breed clubs and championship shows. It was a remarkable outpouring of goodwill, and donations currently stand at well over £250,000. I feel proud of our collective efforts to make a difference to help the dogs and their owners most desperately in need.

As a not-for-profit organisation, The Kennel Club Charitable Trust is one of the key ways, alongside our Educational Trust, that we are able to give back to the world of dogs. Last year, the Charitable Trust raised £66,000 to support rescue organisations through our first ever matched giving campaign, called Double the Pawprint.

The Kennel Club Annual General Meeting

Our charitable work, giving back to dogs, completes the cycle that we are about as a not-for-profit organisation. Although we may have diverse views about where The Kennel Club's priorities should lay, there is a collective love of dogs that underpins our work and which will guide discussions to help ensure that we play a relevant and key role in improving, enhancing and shaping dogs' lives in the future.

Of course, the work of making the ultimate decisions about the future direction of The Kennel Club, will come down to our board of directors – at least half of whom elected today will be new faces, as five out of our ten current directors have decided to retire or not stand for re-election. I know you'll join me in thanking them – Robin Newhouse, Liz Stannard, Maurice Cooke, Jenny Campbell and Gil Simpson – for their dedication and service.

I have no doubt that the newly elected board will share my wish, which is that as your representatives they will maintain stability, unity and focus, at the same time as embracing fresh ideas and energy. It is this that will enable them to ensure that we keep the heart of who we are as an organisation, whilst also making the tough choices that set us on the best possible path ahead.

Before I hand over to our Chief Executive, Mark is now in his second year, during which he has already made a significant difference. Internally, there has been a great turnaround in staff morale, which we will hear more about when we talk about the latest staff survey, underpinned by a series of measures to improve transparency, professionalism and collaboration within and between departments. This turnaround is incredible given that he joined our organisation at a time when the implementation of our new IT system created many challenges for everybody.

Looking ahead, Mark will oversee the strategy development programme, ensuring that delivery embraces everybody, from staff to members, so that change isn't something that is happening to them, but something in which they are all involved in.

Thank you Mark on behalf of Kennel Club members, Directors and the whole organisation, for your strength of leadership and valuable contribution made to The Kennel Club. Long may this continue!

7. Under item 6b, the Chief Executive, Mr M Beazley gave the following report:

'The Kennel Club's mission to 'make a difference for dogs' is a broad and ambitious one. This is my first full year as Chief Executive of The Kennel Club and when I first started, I admit that I didn't fully appreciate in precisely what, and how many ways that was true. It has been a steep and enjoyable learning curve, but now I have well and truly come to understand just how widely our reach extends and what an impact we have in a number of important areas.

I also understand that we don't always get the credit or recognition that we feel we are owed, despite the often remarkable work that we do and the strong share of voice that we achieve. There is no doubt that this is largely due to the fact that we are trying to be so many things, to so many people, but without the clarity of purpose and direction that we require to leave a lasting imprint – which is why I am so enthusiastic and passionate about the work we are doing to develop The Kennel Club's first strategy.

Of course, the answers about our future direction will be very much built upon the solid foundation of knowledge that the listening work has given us, over the past number of months, as Tony has already referenced. The answers to these questions will enable us to formulate a strategy that will deepen our impact, by improving our focus and clarity in relation to who we are and what we are about, and also ensure we remain relevant and influential in a changing world.

At the most basic level we are a registration database, used by those who wish to take part in the shows and activities that we license and by those who breed and buy dogs, who have certain expectations about what Kennel Club registration means. Our registrations service, alongside Petlog, is the only profitable part of our activities and last year we registered almost 350,000 puppies, the highest number in our organisation's history.

There is no doubt that this unprecedented demand and the challenges we faced as we modernised our outdated IT infrastructure, gave us significant challenges in delivering this service in an efficient way. But the changes that we introduced over the last year, including a staff restructure and training programme in our call centre and the introduction of a new digital transformation team, have meant we've turned a significant corner and we are now back to efficient pre-pandemic turnaround times for many of our services. We still have improvements to make in some areas but we are following a clear roadmap for getting there.

It may be that in the face of these challenges and despite the turnaround that we have achieved, the agenda item to increase registration fees, after a four and a half year freeze, in line with projected inflation rates for 2022, has raised some eyebrows. We will talk about this more later today but I will for now just point out that underinvestment always catches up with you. It leads to outdated services and systems that are not truly future-proofed, and it is only realistic, inflationary rises that will enable us to provide our core services to the best possible level. It will also enable us to support the most effective delivery of our not-for profit activities for the betterment of dogs – activities which we will carefully review as part of our strategic programme.

Turning to these not-for-profit parts of our work, they are vast and they touch every aspect of the life cycle of dogs, which is now a wide ranging and competitive space. We, like other animal sector colleagues, want to be a force for good in terms of guiding and providing the information, resources, activities, facilities and laws that have a combined positive impact on the quality of dogs' lives.

We achieved a great deal in 2021: from licensing and running shows; beginning the process of digitising our library collection; and adapting our Good Citizen Dog Training scheme syllabus, to help with vital socialisation and training during lockdown. Dogs will also benefit now and in the future from our public affairs team's successful lobbying campaigns, which last year, alongside our hard-hitting publicity campaign called Paw and Order, helped to ensure that new legislation that is tougher on the crime of dog theft, was introduced.

Our work is wide-ranging and we should be proud of what we do. The strategy development process, underpinned and guided by all of our insight gathering work, will ask what both we

and our competitors are doing in these areas, where we are having a positive impact and where we might want to intensify our focus.

If we are involved with others in a multitude of areas that touch on the quality of a dog's life, then we occupy a unique and privileged space by having a significant degree of guardianship over the very start of that journey, the point at which puppies are bred and sold. This has an impact on every other step of the life cycle. We provide a pedigree registration service but our strategy work will ask what expectations come with this and who and what do we truly represent. We must ask what is the manner, nature and extent of our influence in this critical space around dog breeding and buying, and where do we want to be in the future.

There is no doubt that these are important times to be asking these questions, particularly given the aftermath of the pandemic on how people buy dogs and given the spotlight that has been shone on dog health and welfare on the back of the dog ownership boom.

We have been leading many of these conversations, particularly through our impactful Be Puppywise campaign, which helps to guide puppy buyers to good breeders, in a world where the opportunity for deception and poor-quality breeding is rife. Those of you who were at the last SGM will know this campaign was shortlisted for three PR industry awards last year, and that it generates widespread national and regional publicity, helping us to be a leading voice when it comes to offering advice about responsible puppy buying.

Undoubtedly, the most high-profile conversation in the media spotlight right now is that related to the health issues in brachycephalic dogs, and dogs that can be prone to health issues due to extreme conformation. Some in the wider animal welfare sector have launched campaigns to reduce the popularity of brachycephalic breeds and legislators in Norway have passed laws to ban the breeding of Bulldogs and Cavalier King Charles Spaniels. There is an urgency to the conversation and we have been asked on a number of occasions, perhaps understandably, what are we doing to defend brachycephalic breeds and those who breed them?

To answer this, I think we need to reframe the question. Breeders are not a homogenous group of people all of whom we must defend. Breeds are ultimately made up of individual dogs amongst whom are those that are badly and those that are well bred, and the word defence implies a battle in which we are on the opposite side, which we are not. Indeed, that would be a very dangerous position to take. We have a role to play in these sometimes difficult conversations, but that role is not to downplay the serious health challenges in the brachycephalic population as a whole. We want – we need – to be part of the effort to raise awareness of them. We sit on the Brachycephalic Working Group with sector colleagues, which encourages people to 'stop and think before buying a brachycephalic breed', and this is an important part of our organisational plan for facing these discussions.

Of course, what we do and shall continue to do with ever more intensity, is provide balance and positive signposting to show where there is good practice. We reacted to and were quoted or interviewed in a large number of recent high impact stories about brachycephalic health research. And we are planning new ways to engage the public and MPs on the topic of brachycephalic health in the coming months.

The Kennel Club Annual General Meeting

In addition to reacting to and helping to shape stories about dog health, we also aim to make and publicise real change to help these breeds. A key message for us is always about the role of the health tests that we develop and offer in terms of improving dog health generally, and of our Respiratory Function Grading scheme in improving brachycephalic health in particular. I have been extremely heartened to see that over the last year, the uptake of the RFG scheme increased by 33 percent to just over 2,500 dogs, but let's be honest, these numbers are still a tiny proportion of the overall registered population, and still less of the unregistered population, but it is a step in the right direction.

However, we are all too aware that if we are to actively promote responsible breeders as those who health test, we need the health tests that we provide, many of which are mandatory under the Assured Breeders scheme, to be well used amongst the breeders who we represent. In the last year we have introduced, with Wetherbys, another 38 Combi-Breed health test bundles, for 41 breeds, so that breeders can test for the most relevant inherited conditions in their breed in a single, cost-effective mouth swab. And as we provide these resources, we call on breeders to continue to do their part in making use of them.

In terms of other tangible actions and their promotion in the area of dog health, we should also applaud the work of those involved in changing the Dachshund and French Bulldog breed standards over the past year – changes made to support good health in line with new scientific research. Our media campaign in relation to these changes resulted in widespread national and regional coverage about the new standards.

However, again, if we are making public pronouncements about our breed standards describing dogs that are healthy and free from exaggerations then we should aim for the show ring, which is our public stage, to always reward the dogs that we are attempting to describe. We have steps in place to help us achieve this but we must question what more we could and should be doing.

This is perhaps our fundamental challenge. Alongside promotion and celebration of all that we have done, and indeed for those statements to carry true impact and be effective, we need to continually look inwards and ask ourselves if what we are saying is supported by our actions.

Finally, as we have reflected on all that we have achieved and all of the work that is yet to come, I must say a big thank you to the dedicated, passionate and knowledgeable staff at The Kennel Club as well as our Board and all our committed, fantastic volunteers. I have worked in several organisations and I am truly impressed by the range and depth of the expertise that our staff hold and by the willingness of all our people to go above and beyond for their organisation – a fact that stood out very clearly from the latest staff survey.

We will go on to look at the results of that now but I will say that the results are heartening – a tremendous transformation has been achieved in terms of staff morale and their faith in the board, executive and management of The Kennel Club. Happiness, confidence and loyalty are essential cornerstones in building a successful strategy and running a successful organisation, and whilst there is more to be done in the future, we should collectively be immensely proud of where we are today.'

8. Under item 6c, the Chief Executive gave an update on the outcomes of the recent staff survey. He advised that 83% of staff had participated in the survey, the improvement in the results of which represented what the external company which had conducted the survey advised were the most significant of any organisation that they had worked with across a similar timescale.

There were no questions or comments made at the conclusion of items 6a, 6b and 6c.

9. The Chairman then turned to item 7, which was to receive an update on the Kennel Club finances. The Chairman invited the Chief Finance Officer, Mr M Johnstone to give a presentation to the members, providing more analysis on the annual accounts. Following the presentation, a question was raised and addressed on the subject of brachycephalic dogs, as referenced under item 6b.

10. Item 8 was to receive the audited accounts for the year ended 31 December 2021 for the Kennel Club Limited under Article 41.3.2. The Chairman invited Mr Johnstone to answer questions relating to the accounts. A question was raised and answered on the pension deficit.

11. Agenda item 9 was to appoint BDO LLP as auditor for the ensuing year and resolve that their remuneration be agreed by the Board. This was proposed by the Board and it was confirmed that no seconder was required under the terms of the Articles of Association. With the inclusion of the proxy votes, this was carried.

12. The Chairman then turned to item 10, the election of Vice Presidents for the ensuing year. He proposed the following for re-election as Vice Presidents: The Earl of Buchan, The Rt Hon Lord Fairhaven, the Lord Kirkham and Sir John Spurling. He then proposed Professor Steve P Dean for election as a Vice President. It was confirmed that the proposals did not require a seconder under the terms of the Articles of Association and were voted on in two separate votes, one for the re-election of the existing Vice Presidents en bloc and one for the election of Professor Dean. With the inclusion of the proxy votes, the proposals were carried unanimously.

The Chairman invited Professor Dean to the stage to receive the congratulations of the members. Professor Dean thanked the members for their support.

13. The Chairman invited the Vice Chairman, Dr IH Gabriel to present item 11 of the agenda, the proposed election of Mr P Follows as an Honorary Life member in accordance with Article 33. With the inclusion of the proxy votes, the proposal was carried unanimously.

14. The Chairman invited Dr Gabriel to present item 12 of the agenda, the proposed election of Mr KR Newhouse, Mrs GF Simpson and Mrs EA Stannard as Honorary Life members in recognition of their dedication and service given to the Club over the years. The proposals were voted on simultaneously. With the inclusion of the proxy votes, the proposals were carried unanimously.

15. The Chairman proceeded to item 13, the election of ten members of the Board in accordance with Article 29; eight for a three-year term and two for a one-year term. There were 14 candidates, five of whom were retiring by rotation and who were offering themselves for re-election and nine further nominations.

The Chairman paid tribute to Mr KR Newhouse, Mrs GF Simpson and Mrs EA Stannard, who had been elected as Honorary Life members, and also paid tribute to Mr MA Cooke and Mrs J Campbell who had stepped down from the Board. Those standing were Mr S McCabe-Bell, Mr IJ Seath, Mrs M Reynolds, Dr A Schemel, Mrs JK Millard, Dr IH Gabriel, Mrs A Scutcher, Mr L Janaway, Mr P Davies, Dr RW James, Mr N Brooks-Ward, Mr S Payne, Mrs K Gilliland and Mr PE Rawlings.

Once the ballot papers had been collected the Chairman moved to item 14 of the agenda.

16. Item 14 was to receive an update on the ongoing work to develop The Kennel Club's strategy, including feedback from the members' survey. The Chairman invited the Head of Strategy, Planning and Insight, Mr M Bermingham, and Mr D Douglas from Membership Matters, the company which conducted the members' survey on the Kennel Club's behalf to give a presentation. Following the presentation, a question was raised and addressed on the success criteria to measure the long-term objectives.

17. The Chairman advised that items 15, 16 and 17, regarding registration and transfer fees within the A Rules, would be covered in a single discussion and that a single paper ballot covering all three items would be conducted at the conclusion of the discussion. The Chairman outlined each of three items as follows:

Under item 15, it was proposed on behalf of the Board that Kennel Club Rule A(C): Scale of Fees 2.Canine Services 2.1 Registrations (a) (i) be amended so that the fee for each registered puppy (within 12 months of birth) for non-ABS (Assured Breeders scheme) members be increased from £17 to £20. Under item 16, it was proposed on behalf of the Board that Kennel Club Rule A(C): Scale of Fees 2.Canine Services 2.1 Registrations (a) (ii) be amended so that the fee for each registered puppy (within 12 months of birth) for Assured Breeders be increased from £15 to £18. Under item 17, it was proposed on behalf of the Board that Kennel Club Rule A(C): Scale of Fees 2.Canine Services 2.1 Registrations (e) be amended so that the fee for a transfer be increased from £17 to £20.

Questions were raised and addressed on the issues with the registration system, the cost of living, the size of the proposed increases and the percentage of registrations by Assured Breeders.

At the conclusion of the discussion, the Chairman invited the members to vote using a single ballot paper for all three items. Once the ballot papers had been collected the Chairman moved to item 18 of the agenda.

18. Under item 18, it was proposed on behalf of the Board that Kennel Club Rule A 9 Fees be amended, so that 'The Board may increase such fees in line with inflation based on the UK Retail Price Index (RPI) monthly index as are required for the registration of dogs, pedigrees, kennel names, clubs and societies together with the show and trial licences. In the case of increases above RPI, the members in general meeting shall, on the recommendation of the Board, determine such fees.'

The Chairman invited the members to vote using by ballot paper. Once the ballot papers had been collected the Chairman moved to item 19 of the agenda.

The Kennel Club Annual General Meeting

19. Item 19 was to receive a report from the Crufts Committee. The Chairman invited Mr T Mather, as Chairman of the Crufts Committee, to give a report on the 2022 show.
20. The Chairman moved to item 20 of the agenda, General Business, and advised that none had been received. Whilst waiting for the counting of the various votes to be completed, the Chairman thanked the Membership Secretary, Miss S Gregg, for her work in organising the AGM.

The Chairman announced that Dr Gabriel would not be seeking re-election to the position of Vice Chairman and thanked him for his support and commitment during his tenure. The Chairman then announced the retirement of Mrs K Mansfield from her role of Secretary at the end of the year after 46 years working for The Kennel Club.

The Chairman read out a letter of thanks from The Kennel Club's Patron, HRH The Queen, for a message of congratulations and special gift on the occasion of her Platinum Jubilee that year.

Mrs E Stannard thanked the members for electing her as an Honorary Life member at the meeting.

The Chairman read out the results of item 15, 16, 17 and 18. All four items did not reach the two-thirds threshold required and were not carried.

The Chairman read out the result of the ballot for members of the Board and announced that the eight members elected for a three-year term were Dr IH Gabriel, Mrs JK Millard, Dr RW James, Dr A Schemel, Mr N Brooks-Ward, Mr PE Rawlings, Mr S McCabe-Bell and Mr IJ Seath, and the members elected for a one-year term were Mrs M Reynolds and Mr S Payne.

The Chairman thanked all the candidates for standing to be a Director of The Kennel Club.

The Chairman thanked the members for attending the meeting and declared the meeting closed.
